

EPIWHITE 950

***100% plant-based powder
preparation.***

Definition :

EPIWHITE 950 is a mixture of rice flour and plant-based fats obtained by an original patented process .

Avantages dus à sa composition :

- Neutral taste,
- Allergen free,
- GMO free,
- Stable in acid medium.

Main applications and features of use :

Its instant qualities give it excellent dispersion properties in hot foods and beverages.

We especially recommend its use for whitening as a total substitute for milk in :

- the **powdered beverages**, in automatic dispensers,
- or in the **soups**.

This product has undergone extensive testing in application lab and been selected after many taste tests.

EPIWHITE 950 has been tested and approved by several beverage professionals.
